3 Ways We Keep Your Data Safe

In a data driven world, it can be concerning when we put so much of our personal information out on the web. Emails, addresses, credit card information, birthdates, and more... how do we know that our data is being respected and kept safe? How do we know that information is not being sold for some other businesses profit? These might be just a few of the questions that you have had when thinking about the data and information that you put out on the web – and rightfully so! It seems that many companies and businesses don't address data and what steps
